

Congratulations Matric Class of 2024!

Published: JANUARY 13, 2025

Congratulations to our Matrics! The Class of 2024 has achieved many wonderful results, both individually and collectively. Once again, our Matric group has achieved a 100% pass rate. We congratulate the group for their consistent performance and the hard work at the end of their matric year that ensured their success. The 2024-year group achieved a significant bachelor's degree Pass of 97%.

The class of 2024, a group of 34 students, collectively produced 94 subject distinctions or 2.77 distinctions per candidate. 21 of these distinctions were above 90%. 61,76% of the group achieved an aggregate above 70%.

Our top achievers are listed below, but we make special mention of Luke Gebhard (our Dux scholar), Keira Reynolds and Mark Sturgess who all earned an impressive Overall Excellence Pass.

Beyond the NSC subjects, Oakhill also offers Further Studies English and Mathematics. "The assessment in these subjects have been benchmarked by UK NARIC, the UK equivalent of the South African Qualifications Authority, and are considered equivalent to the UK A-levels." (IEB communication). The Further Studies subjects fall within the international arm of the IEB. In 2024, 6 candidates wrote the FS English exam and 6 completed the Further Studies Mathematics examination papers.

Oakhill is also an official Trinity Music Examination centre, and this year 7 matrics completed their Trinity International Music exams. These results are added as an extra subject to their National Senior Certificate results. We commend these students for their diligence and dedication to their music. All achieved above 70% with three earning A's.

Congratulations to everyone who achieved an overall A aggregate (Over 80%):

Luke Gebhard
Keira Reynolds
Mark Sturgess
Larissa Gould-Wagenaar
Liam Nelson

Erin Fietze
Matthew du Plessis
Tahlia Stead
Peter Lamprecht
Anjuli Taplin

The Art practical examiner once again complimented all the Art students on the very high standard of their practical work which was exhibited at the Knysna Waterfront in November. Tahlia Stead was recognised and awarded the Top Art Practical Award, a trophy finalised once the entire practical examination marking process is concluded.

Top 1% of candidates per subject

Business Studies: Matthew du Plessis

Life Orientation: Luke Gebhard, Liam Nelson

Top Achievers

Seven Distinctions

- **Luke Gebhard** (English HL, Afrikaans FAL, Mathematics, Business Studies, Information Technology, Physical Science, Life Orientation)
- **Keira Reynolds** (English HL, Mathematics, Geography, Life Sciences, Physical Science, Trinity Music, Life Orientation)
- **Mark Sturgess** (English HL, Afrikaans FAL, Mathematics, Business Studies, Geography, Information Technology, Trinity Music)

Six Distinctions

- **Larissa Gould-Wagenaar** (English HL, Afrikaans FAL, Mathematics, Business Studies, Life Sciences, Life Orientation)
- **Liam Nelson** (English HL, Afrikaans FAL, Mathematics, History, Life Sciences, Life Orientation)

Five Distinctions

- **Erin Fietze** (English HL, Mathematics, Life Sciences, Visual Art, Life Orientation)

Four Distinctions

- **Matthew du Plessis** (English HL, Afrikaans FAL, Business Studies, Life Orientation)
- **Tahlia Stead** (Mathematical Literacy, History, Visual Art, Life Orientation)
- **Peter Lamprecht** (Mathematics Geography, Information Technology, Life Orientation)
- **Anjuli Taplin** (Mathematical Literacy, History, Visual Art, Life Orientation)
- **Jana van Wageningen** (Afrikaans FAL, Dramatic Art, Trinity Music, Life Orientation)
- **Veruschka Titus** (Afrikaans FAL, Mathematical Literacy, Dramatic Art, Life Orientation)

Three Distinctions

- **Jade Ronaldson** (Mathematical Literacy, Business Studies, Life Orientation)
- **Sophie Swire-Thompson** (Mathematical Literacy, Visual Art, Life Orientation)
- **Leo Churchyard** (Mathematics, Computer Applications Technology, Life Orientation)
- **Jessica Edkins** (Mathematical Literacy, Dramatic Arts, Life Orientation)
- **Emma Godfrey** (Mathematical Literacy, Visual Art, Life Orientation)
- **Taryn Jansen** (Afrikaans FAL, Mathematical Literacy, Life Orientation)

Two Distinctions

- **Robert Carr** (Mathematical Literacy, Life Orientation)
- **Limilisiwe Mavumengwana** (Business Studies, Life Orientation)
- **Conan Marais** (Mathematical Literacy, Life Orientation)
- **Caitlin Warne** (Computer Applications Technology, Life Orientation)

6 other students achieved one distinction each.
